Fast Low Bandwidth Reference (fastlowbw_ref) Software Release Version 1.1
Release Notes
September, 2010

This software provides reference code for the Fast Low Bandwidth Video
Quality Metric (VQM), which has been included in ITU-T Recommendation J.249.
The fastlowbw_ref VQM is documented in ITUT_COM9_C5.pdf, which comes bundled
with the software download. Please see this document for usage instructions.
